

Intro... With prices of almost everything exploding, wouldn't it be nice to know how to live cheaply. Alain Gee yoh has written about that ...

*Alain, you are originally from Columbia ... did you find Canada expensive when you arrived?*

*You also embraced the concept of FIRE ... Financial Independence Retire Early. This is an interesting approach, tell me about that...*

*You wrote an article about how you live like a king for less than \$24,000 a year ... or \$2000 a month. How do you live?*

*You have to admit that your rent is pretty cheap...*

*Times are changing, where are you finding pressure these days? Food?*

*What about revenue ... you have a couple of side-hustles ... I even saw that you own a dance studio!*

*Let's talk about investments ... what do you own and why?*

*It sounds like you make enough money off your investments to sustain your lifestyle... do you have anybody, like a child to support? And what would you recommend to people that do?*

*When do you plan to retire, if at all?*

*What's the most important thing that you learned in creating your lifestyle?*
